RETURN TO TIME WARNER CABLE'S MOTION TO COMPEL OR, IN THE
ALTERNATIVE, MOTION *IN LIMINE*

Pursuant to 26 S.C. Code Ann. Regs. 103.829 and other applicable rules of the Public Service Commission of South Carolina, Rock Hill Telephone Company, d/b/a Comporium Communications ("Rock Hill") respectfully files this Return to Time Warner Cable's Motion to Compel Rock Hill to Respond to Discovery Requests, or in the Alternative, Motion *In Limine*. By its motion, Time Warner Cable Information Services (South Carolina), LLC ("Time Warner Cable") requests an order compelling Rock Hill to respond to Time Warner Cable's discovery requests, or alternatively, for an order barring Rock Hill from raising the issues that approval of Time Warner Cable's application would adversely impact the availability of affordable local exchange service or adversely impact the public interest in this proceeding.

In response to Time Warner Cable's Motion, Rock Hill respectfully submits as follows:

1. Time Warner Cable is the applicant in this proceeding. Rock Hill is an intervenor. As stated in Rock Hill's responses to Time Warner Cable's discovery, the purpose of

the proceeding is to determine whether Time Warner Cable meets the statutory requirements to be awarded a certificate of public convenience and necessity to provide certain services in Rock Hill's service area. The focus of the proceeding will not be on Rock Hill's financial condition or on any economic harm that may or may not result to Rock Hill as a result of Time Warner Cable's entry into the market. Rock Hill has intervened in this proceeding to attempt to determine exactly what services Time Warner Cable is seeking authority to provide in South Carolina, and whether Time Warner Cable meets the Commission's statutory requirements for doing so. As demonstrated in previous proceedings, Time Warner Cable has a history of being vague and circumspect in its description of the authority it seeks from the Commission and the corresponding obligations it intends to assume. Requiring Rock Hill to turn over voluminous financial and operational information to a direct competitor in the context of this proceeding makes no sense. In fact, as a policy matter, subjecting intervenors to the detailed discovery sought by Time Warner Cable in this case may well chill future intervention in Commission proceedings, to the detriment of the administrative process, the Commission's ability to gain information necessary to its decision-making process, and the public interest.

2. Counsel for Rock Hill has filed a motion to consolidate this proceeding with the proceedings in Docket Nos. 2008-325-C, 2008-326-C, 2008-327-C, 2008-328-C, and 2008-330-C. The Motion to Consolidate indicates that Rock Hill and the other rural local exchange companies (collectively, "RLECs") intend to proceed as a group in these proceedings. While the focus of RLECs' participation will be to assist in defining the authority sought by Time Warner Cable and to raise legal and policy issues that are common to the group, the RLECs cannot guarantee, as Time Warner Cable has demanded, that "no issue concerning impacts on [Rock

Hill's] financial condition will be addressed in the hearing[.]” See Time Warner Letter, attached as Exhibit 3 to Time Warner Cable Motion to Compel.

3. Likewise, regarding Time Warner Cable's alternative Motion *in Limine*, excluding evidence on any potential adverse impact on the availability of affordable basic local exchange service or on the public interest in general would harm the Commission's ability to make the necessary statutory findings before granting Time Warner Cable a certificate of necessity and convenience under S.C. Code Ann. § 58-9-280(B).

4. Finally, even if Rock Hill's financial condition were to become an issue in this proceeding, Rock Hill has provided substantial financial information in response to Time Warner Cable's discovery requests. The information provided includes five years' worth of Telecommunications Company Annual Reports; State USF receipts; and federal USF projections. Telecommunications Company Annual Reports include detailed information on Operating Revenues and Expenses (including Net Income); Balance Sheet information; Retained Earnings information; and Access Lines (the last of which is the exact same information the Commission recently held to be a confidential trade secret for Time Warner Cable, the applicant in this proceeding). The information contained in the Annual Reports is the same financial information upon which the Commission and the Office of Regulatory Staff rely in regulating the telecommunications companies.

5. Furthermore, Time Warner Cable is being disingenuous in stating that Rock Hill objected to ten out of fifteen interrogatories, and nine out of twelve requests for production. In fact, notwithstanding its objections, Rock Hill provided full or partial answers to Interrogatories 1-3, 1-4, 1-5, 1-6, 1-8, 1-10, 1-11, 1-12, 1-13, 1-14, and 1-15; and to Requests for Production 1-1, 1-2, 1-3, 1-5, 1-7, and 1-8. In addition, much of the information requested in Interrogatory 1-1

is contained in Rock Hill's Telecommunications Company Annual Reports. Rock Hill has provided Time Warner Cable with more than enough information to prepare its case.

WHEREFORE, for the reasons stated herein, Rock Hill Telephone Company, d/b/a Comporium Communications, respectfully requests that Time Warner Cable's Motion to Compel, or in the Alternative, Motion *In Limine*, be denied.

Respectfully submitted,

By: Margaret M. Fox
